Tuesday, August 8
Science & Math Learning Center Auditorium (SMLC 102) in the Building Just North of ECE
4:00 pm - 6:00 pm

The UNM School of Engineering and Sandia’s National Center for RF Systems invite you to an open house! Come learn about the increasing importance of RF engineering in this “internet of things” world as well as grad school opportunities at UNM. There will be time to network while reviewing some of the exciting research being done by UNM Grad Students.

Food and drinks will be provided.

RSVP today! amhiggi@sandia.gov
